Refer to the performance specifications of the products in this family for detailed description

**Supplied Accessories:**

- 1) Accredited calibration certificate (ISO 17025)
- 2) Model 6200 mounting stud, QTY 1

**Notes:**

- [1] Measured at 100Hz, 1 Grms per ISA RP 37.2.
  - [2] Measured using zero-based straight line method, % of F.S. or any lesser range.
  - [3] Do not apply power to this system without current limiting, 20 mA MAX. To do so will destroy the IC charge amplifier.
  - [4] In the interest of constant product improvement, we reserve the right to change specifications without notice.
- It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and / or specifications may vary in different applications and performance may vary overtime. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts.

Units on the line drawing are in inches, units in brackets are in millimeters. Refer to 127-3056DT for more information.
