

GRAS AL0013

1/4" Microphone Holder, Stainless Steel

Material: Stainless steel
Dimension: For 1/4"
Special feature: Freely adjustable

The GRAS AL0013 is an adapter for mounting a microphone set (microphone/preamplifier) on tripods having a standard 1/4" UNC-20 male thread. The adapter is provided with a clamp for attaching a 1/4" diameter preamplifier.

Introduction

The GRAS AL0013 is an adapter for mounting a microphone set (microphone/preamplifier) on tripods having a standard 1/4" UNC-20 male thread. The adapter is provided with a clamp for attaching a 1/4" diameter preamplifier. For minimum acoustic influence, clamp as close to the output as possible.

Design

The AL0013 is designed for a minimum acoustical influence. It is physically small and with smooth rounded surfaces.

Alternatives

The stainless steel microphone holder GRAS RA0096 is similar to AL0013 regarding usage, but is provided with possibility to adjust the microphone angle between 0 and 180 degrees in 45 degree steps. Another alternative is the non-metal microphone holder adapter GRAS AL0029. If a total flexibility regarding the angle is required, then consider the GRAS AL0003 which includes a swivel head.

Quality & Warranty

GRAS accessories are made of stainless steel, alloys and high-quality composites. These items are covered by a 2 year warranty respecting their intended use.

On consumables like batteries, cables and windscreen we offer a 6 month warranty.

ABOUT GRAS SOUND & VIBRATION

GRAS is a worldwide leader in the sound and vibration industry. We develop and manufacture state-of-the-art measurement microphones to industries where acoustic measuring accuracy and repeatability is of utmost importance in R&D, QA and production. This includes applications and solutions for customers within the fields of aerospace, automotive, audiology, and consumer electronics. GRAS microphones are designed to live up to the high quality, durability and accuracy that our customers have come to expect and trust.
